

April 2018

Vacancy

Whiteley Village
A century of caring for the elderly

Director of Care Services

40 hours per week

Circa £70,000

Whiteley Village is a unique community of older people that has been changing lives for a hundred years. We are now looking forward to the next century with energy and ambition as the gap between the richest and poorest widens. We already see many older people unable to cope, lacking suitable affordable accommodation and in increasingly poor health. Whiteley has a significant role to play in addressing these inequalities.

The role of our new Director of Care will be critical in finding solutions that enable Whiteley to be a leader in the field of prevention, selfcare and maintaining independence. Along with the necessary health interventions that relate to all stages of older age, to end of life.

This means new approaches for staff, new buildings and new technology – for which planning is already underway. Our new Care Hub is in construction and will be complete this time next year. The Director of Care Services will be pivotal in creating the services delivered from it.

We need a visionary leader with a track record of innovation and creativity in personalising support and an ability to nurture compassion and kindness, to fulfil our strategic dreams and make Whiteley the best place to age in Britain. Our team is supportive, energetic and committed to making the most of all our assets and we need you to join us, with a focus on care, to make our strategy a reality.

The Director of Care Services will be highly qualified and experienced in care of older people and will manage the CQC Registered Managers employed by the Trust for our four regulated activities. You will be passionate about change and have the skills and experience to identify and implement change strategies and organisational improvements, involving the effective management of people, systems and policies. You will work with the Board, Chief Executive and other members of the Leadership Team, being accountable for the management and performance of all activities included in the Care Directorate and providing guidance to the Trust on ageing well.

If you have a desire to put your experience, ideas and knowledge into action, and you feel passionately that older people of limited means deserve services of equal quality as the rest of society, then come and join us in shaping the future for the next generation of older people.

Closing date for this role is Monday, 14 May 2018 at noon.
